Determination of Patent Term Adjustment under 35 U.S.C. 154 (b)

(application filed on or after May 29, 2000)

The Patent Term Adjustment to date is 0 day(s). If the issue fee is paid on the date that is three months after the mailing date of this notice and the patent issues on the Tuesday before the date that is 28 weeks (six and a half months) after the mailing date of this notice, the Patent Term Adjustment will be 0 day(s).

If a Continued Prosecution Application (CPA) was filed in the above-identified application, the filing date that determines Patent Term Adjustment is the filing date of the most recent CPA.

Applicant will be able to obtain more detailed information by accessing the Patent Application Information Retrieval (PAIR) system (<http://pair.uspto.gov>).

Any questions regarding the Patent Term Extension or Adjustment determination should be directed to the Office Patent Legal Administration at (703) 305-1383. Notice of Fee Increase on October 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on October 1, 2003. See Revision of Patent Fees for Fiscal Year 2004; Final Rule, 68 Fed. Reg. 41532, 41533, 41534 (July 14, 2003).

The current fee schedule is accessible from (<http://www.uspto.gov/main/howtofees.htm>).

If the fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due" but not the correct amount in view of the fee increase, a "Notice of Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice of Pay Balance of Issue Fee," if the response to the Notice of Allowance is to be filed on or after October 1, 2003 (or mailed with a certificate of mailing on or after October 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously-paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Effective October 1, 2003, 37 CFR 1.18 is amended by revising paragraphs (a) through (c) to read as set forth below.

Section 1.18 Patent post allowance (including issue) fees.

- (a) Issue fee for issuing each original or reissue patent, except a design or plant patent:
- By a small entity (Sec. 1.27(a))..... \$665.00
 - By other than a small entity..... \$1,330.00
- (b) Issue fee for issuing a design patent:
- By a small entity (Sec. 1.27(a))..... \$240.00
 - By other than a small entity..... \$480.00
- (c) Issue fee for issuing a plant patent:
- By a small entity (Sec. 1.27(a))..... \$320.00
 - By other than a small entity..... \$640.00

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

DETAILED ACTION

Preliminary Comments

1. The instant Office Action is in response to Applicants' request for a continued examination (RCE) under 37 CFR 1.114 filed on 26 August 2003. The Second Supplemental Information Disclosure Statement submitted with the RCE has been reviewed, signed by the Examiner, and attached hereto. Accordingly, the following represents a statement of reasons for allowability.

Allowable Subject Matter

2. Claims 1, 3-11 and 13-21 are allowable, since the prior art references, either considered alone or in combination, do not disclose or render obvious the limitations set forth therein.

3. Referring to Claim 1, the prior art references, either considered alone or in combination, do not disclose or render obvious the limitations whereby the determination of the mineral scale deposition rate in a formation fluid is accomplished by placing an optical probe in contact with the fluid and measuring the changes in the refractive index, and in which the probe is an ATR (attenuated total reflectance) probe, in combination with the remaining limitations in the claim. Claims 3-10 are allowable based on their dependency upon the claim from which each is dependent. Referring to Claim 11, the prior art references, either considered alone or in combination, do not disclose or render obvious the limitations whereby controlling the mineral scale deposition rate in a formation fluid is accomplished by placing an optical probe in contact with the fluid and measuring the changes in the refractive index, in which the probe is an ATR

Art Unit: 2877

(attenuated total reflectance) probe, and determining the on-set and rate, if any, of mineral scale deposition from the formation fluid as a function of the changes in the refractive index at the probe surface, in combination with the remaining limitations in the claim. Claims 13-20 are allowable based on their dependency upon the claim from which each is dependent. Referring to Claim 21, the prior art references, either considered alone or in combination, do not disclose or render obvious the limitations whereby a system for controlling mineral scale deposition rate in a formation fluid comprises an ATR probe which can measure changes in the refractive index at the probe surface and a processor for determining from the data the rate of deposition of the mineral scale, in combination with the remaining limitations in the claim.

Comments

4. The previous Statement of Reasons for Allowability contained a typographical error which has been corrected herein. In particular, the reasons for allowability of Claim 21 recited language which was redundant to Claim 11. From the context of the entire prosecution record, the reasons for allowability of Claim 21 were likely clear despite such error. Nevertheless, it has been corrected in the instant Office Action to clarify the record.

5. The language used in the statement of reasons for allowability herein have been altered slightly from the previous statement of reasons for allowability to reflect recent changes in PTO policy, in which more detailed statement of reasons are required of Examiners. Accordingly, the slightly revised statement of reasons for allowability should not be construed to represent any substantive change in the opinion of the Examiner, and do not have any bearing on the new prior

art submitted in Applicants' Second Supplemental Information Disclosure Statement submitted with the RCE.

CONCLUSION

6. Applicants' Claims 1, 3-11 and 13-21 are allowable based on the reasons set forth above.
7. Applicants' Claims 2 and 12 had been cancelled during earlier stages of the prosecution.
8. Any inquiries concerning this communication from the examiner should be directed to Vincent P. Barth, whose telephone number is 703-605-0750, and who may be ordinarily reached from 9:00 a.m. to 5:30 p.m., Monday through Friday.
